How does it work?

Herbal Body Wrap works because of our proprietary formula of twenty-seven selected minerals and herbs, including Aloe Vera. Aloe Vera is legendary and scientifically proven, for being incredibly beneficial to human skin. After properly preparing the mixture, the Aloe Vera helps to carry the other ingredients deep through the pores of the skin and works to shrink fat cells, including troublesome cellulite.

These same fat cells hold many of the toxins accumulated over time. By shrinking these cells, and stimulating them to release lipids (fatty substances), toxins are naturally secreted out of the body through various elimination channels, including the skin itself.

Clinically tested, Herbal Body Wrap is safe and effective. More importantly, this amazing product has been used over a decade by thousands of our customers, here and in the Orient. People lose inches because it works by actually shrinking fat cells.
